

Prague Casting Services becomes Walter Praguecast

Dear business partners,

Let me inform you about an important change in our company. In accordance with our long-term development strategy, we intend to build on our company history and, as a part of this effort, to revive its original name. This traditional name is synonymous with high quality and cutting-edge technologies which have always been typical for our production.

From July 1, 2021, our company has a new name: Walter Praguecast a.s.

We carry on as your reliable business partner. The name change will have no effect on the existing contracts and obligations, all of which remain valid in full. Our contact details, i.e. ID number, VAT number, registered address, billing address, telephone and e-mail contacts, bank details, etc. are all unchanged:
